

Dear Kappa Delta Sister,

We missed seeing you at our NEW HOMEcoming Weekend. Since you missed all of the fun and great times reuniting with your sisters, please plan to attend Epsilon Alpha's 40th Anniversary celebration next October. Our beloved Kappa Delta is reaching new heights and we want you to celebrate with us while supporting EA. Phase 1 of our construction project has ended with the completion of our beautiful new chapter house, and the collegiate members are reaping the benefits of living in a state of the art facility. However, we still need to complete Phase 2 of the project – demolition of the Annex and construction of the 30 spot parking facility at 1710 North Pine Street. We need your financial contribution to complete this project.

We are currently seeking donations to complete Phase 2 and avoid additional mortgage debt already accrued from Phase 1. We hope that you will consider making this very important donation to Epsilon Alpha. If so, you can contribute in one of four ways.

1. Simply write a check for a one-time donation to Kappa Delta House Corporation (for an amount you are comfortable with).
2. Make a \$1000 donation payable in installments over the next five months.
3. Pledge at the tax deductibility level of \$5000 payable over the next five years, with your first \$1000 pledge payment immediately and subsequent payments made on a yearly basis.
4. Make a one-time donation of \$3000 and place your name on a parking spot marker in the new lot.

Whichever donation option you choose, please complete the attached donation form and follow the instructions listed. Your dedication and commitment are much appreciated. Thank you for joining your sisters who support Kappa Delta and are making a difference in the lives of today's young women on the campus of our adored MST. The young Kappa Delta sisters will be tomorrow's leaders in Science, Technology, Engineering and Math. We hope you will take the time to read all the information presented and seriously consider how you can be a part of this amazing project that will greatly impact the future of Epsilon Alpha.

Sincerely,

Sylvia (Skouby) Strackeljahn
Capital Campaign Chair
